

We know you have a choice of meetings to attend.

Thank you for choosing ours!

Come and discuss the **Soft
Neighborhood**

Model
**A Dynamic
Enrollment Balancing Framework
for Portland Public Schools**

**RIGHT-SIZING
BY DESIGN
FOR EVERY GRADE!**

Monday,
May 23, 2016
6:30pm - 8:30pm

**NO BOUNDARIES
MEANS
NO BOUNDARY CHANGES!**

Center for Intercultural Organizing
700 N. Killingsworth Street
Portland, OR 97217

The Soft Neighborhood Model is way of assigning students to neighborhood schools, without divisive hard boundaries. It balances enrollments at every grade of every school. The authors will present a half-hour overview of what the Soft Neighborhood Model does and why it works, followed by questions and discussion with the community.
